mdananislam704@gmail.com

OBJECTIVE

To utilize my technology skills to deliver error-free, engaging, and high-quality content for a government or public-service organization.

SKILLS & ABILITIES

- Statistical Analysis
- Machine Learning
- NumPy Library
- Data Visualization
- Data Manipulation

EXPERIENCE

Data Analyst

- Implemented data cleaning and preprocessing techniques to ensure data accuracy and integrity, minimizing errors and inconsistencies in analysis results.
- Developed advanced statistical models and algorithms to perform predictive analytics, accurately forecasting future trends and outcomes.
- Collaborated with cross-functional teams to define project objectives, scope, and deliverables, ensuring alignment with organizational goals and objectives.
- Conducted comprehensive data analysis on large datasets, identifying trends, patterns, and outliers to extract valuable insights for decision-making.
- Contributed to the development of data-driven strategies and recommendations, driving business growth and optimizing operational processes.
- Worked independently and autonomously, taking ownership of tasks and responsibilities to deliver high-quality results with minimal supervision.

EDUCATION

Bachelor in Computer Science

Major: Artificial Intelligence

Nanjing university of Aeronautics and Astronautics, Nanjing
